For those online, the meeting will  
begin shortly

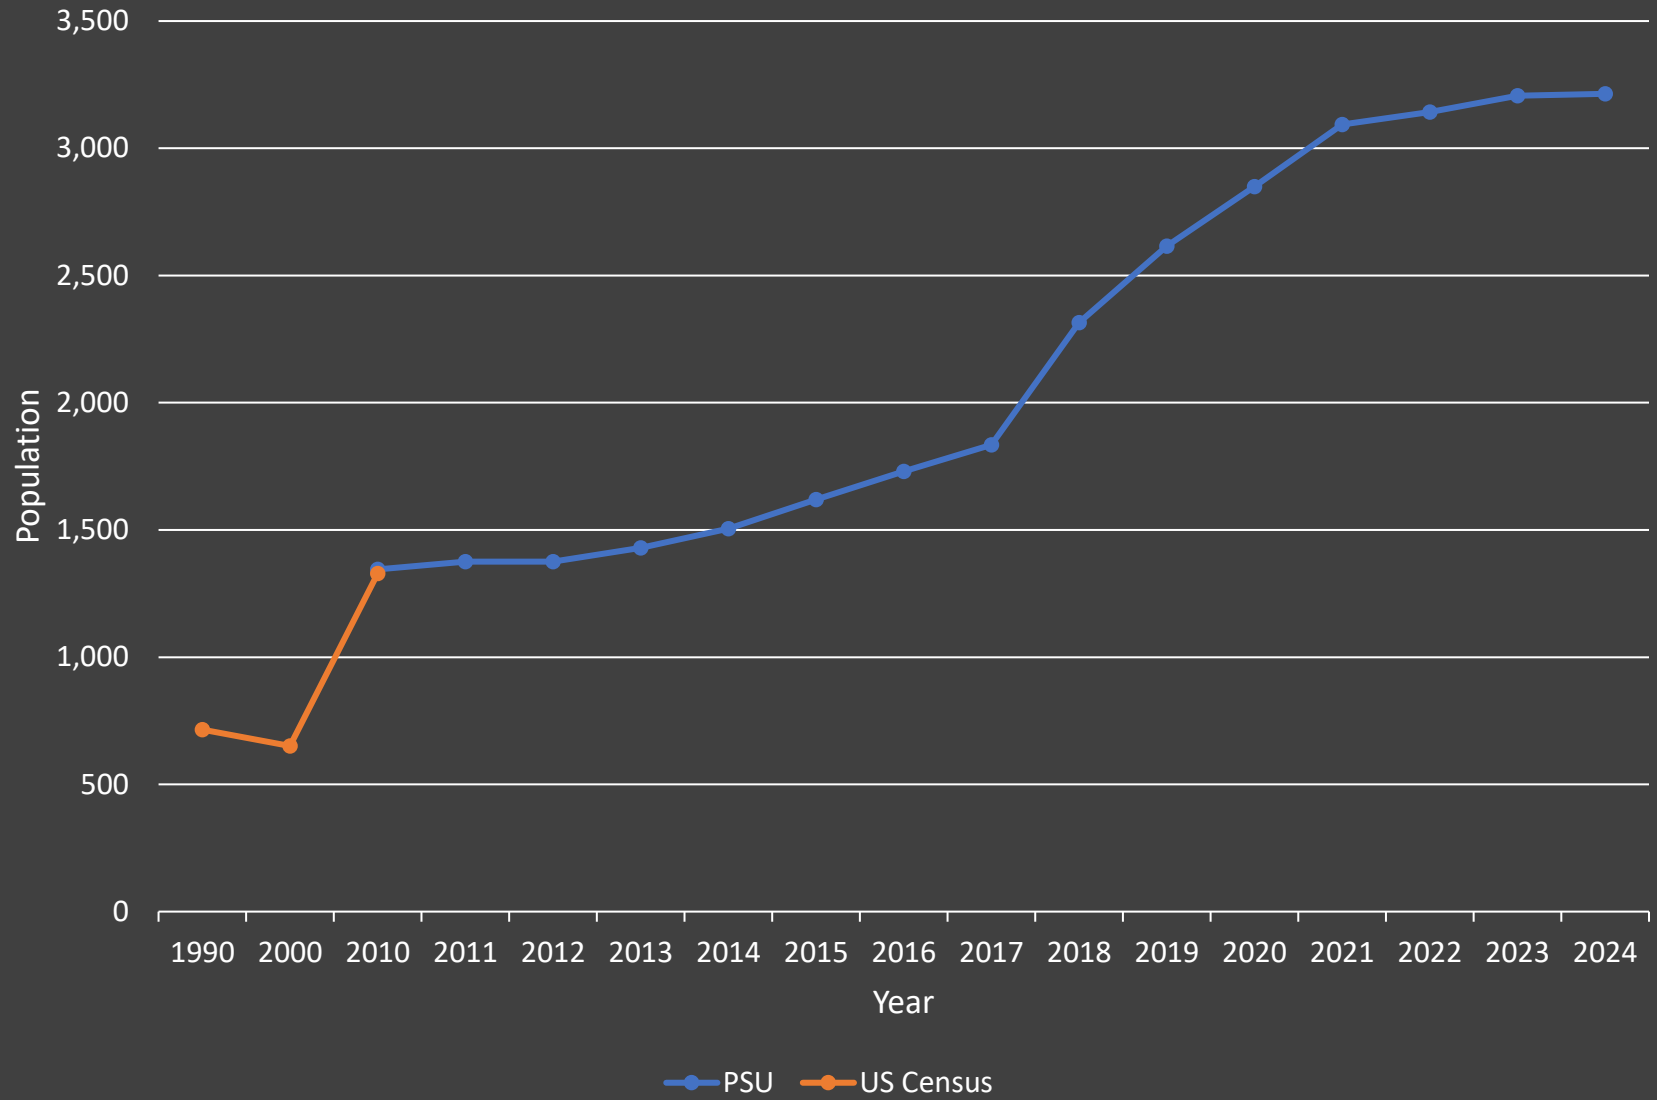

# Strategic Plan

- What is a Strategic Plan?
- Why are we talking about it today?
  - 2016 – Committee
  - 2019 – Council and Staff
  - 2024 – Began discussing update

Long-term, actionable roadmap that guides the city's growth, development, and governance. It typically outlines goals, priorities, and specific actions the city wants to achieve over a set period – often 3-5 years or longer. The plan helps focus resources, improve decision-making, and align community needs with available resources.
